ACCOMODATIONS: VICTORIAN INN

Staying at the beautiful Victorian Inn transports you to another era. Overlooking Cayuga Lake and the Taughannock Falls State Park forest, these beautiful rooms are meticulously appointed with antique beds, fine linens, and antiques. Many rooms have been restored or upgraded with marble bathrooms.

To perpetuate a quiet environment, and remain true to the era of the home, there are no televisions in any of the rooms except for the Falls Suite. Additionally, a comfort station is available in the hall for refreshment as refrigerators and microwaves are not used in these traditional style rooms. The rooms are stair access only and mobility challenged guests may want to consider staying in another building on the estate.

Downstairs, the charming mahogany bar, adjoining our deck and seated fire pit, is available for guest use. In season the Inn Restaurant is also open select hours Thursday through Sunday and is available to both guests and members of the public. The main reception desk for all Inn at Taughannock rooms and guests is located on the first floor of the Victorian Inn.

Guests are welcome to utilize the second-floor lounge. You can relax and enjoy the spectacular views of Cayuga Lake or use the space to read or enjoy a game of chess or backgammon. It's a great space to enjoy one of our Finger Lakes wines and socialize with other guests.

ACCOMODATIONS: HILLSIDE RESIDENCE

Our Hillside private lake house is centrally located within the estate and is available to rent in its entirety or on a room-by-room basis. Recently renovated, this 4,000+ sq. ft. spacious Cape Cod home is just a short walk away from the majestic Victorian Inn.

The entire house includes a spacious great room with all new furniture, a wet bar, 65" flat-screen TV, expansive windows offering partial views of Cayuga Lake, a regulation size Brunswick pool table, a screened porch, a breakfast room for six, and a fully equipped modern kitchen.

The entire home has six bedrooms and can accommodate up to twelve people. Two of the bedrooms are within one suite, therefore there are five total rooms and suites within the house. There are three rooms with king beds, two bedrooms with queen beds, and a bonus room with twin beds. Most bathrooms in the home have been remodeled with marble. The Hillside's driveway is conveniently located just steps away from the front door and includes a Tesla charging station, close to all guest quarters.

Staying at the Hillside lake house also gives you an opportunity to spend quality time with your family and friends in the home's large yard, with a real fire-pit, sharing a bottle of wine at the pergola overlooking the calming pond.

ACCOMODATIONS: EDGEWOOD

The classic modern style of the Edgewood rooms offer views unlike any other. A short walk from the Inn, our spacious rooms each feature a furnished lake view balcony. With luxurious two queen beds or an upgrade to a king bedroom with a built-in deep soaking jetted tub, you may not feel like leaving your room.

Edgewood offers comfortable modern amenities like 55-inch televisions, air conditioning, a mini-fridge, microwave, Keurig, and complimentary use of our laundry facility located within the building.

ACCOMODATIONS: PARKVIEW

Wake up to the sound of birds and wildlife at your door. Step outside and take a breath of fresh air while listening to the sound of rushing water.

Get a feel of camping in the wilderness of Gorge Trail, but with air conditioning, a deep soaking jetted tub, and other modern amenities. This one-story Parkview house is nestled in the woods beside the Victorian Inn and directly against the Taughannock Falls State Park.

If your pet is going to be traveling with you, the Parkview room is pet friendly to accommodate them.

ROOM BLOCK INFORMATION

Our clients are welcome to block any or all of the 24 guest rooms on-site. With sixteen different room types across the four buildings, you will find accommodation suiting each of your guest's needs. Should you require additional rooms not on-site our event planning team is happy to help build a room block for you at other area accommodations.
